

Product information

"Title") Korean War Killed in Action (KIA's)

“Freedom is not Free”.

50 States all in separate files and 4 Territories in one file as 2 had only 1 each but 2 other have **1,882 pages**

They can be Titled by the State each and also all 50 State and 4 Territories in one file.

Listed by their State alphabetically. Pictures of Maps and Flags from Wikipedia

Military websites are

<http://www.archives.gov/research/military/korean-war/casualty-lists/state-level-alpha.html>

Picture of that site is shown on second page of this word file.

I have completed all States in Microsoft Word saved also in Acrobat. It was suggested by your office that HMTL also can be used, I tried that and there is a lot of editing I will have to do for each file, as each file seems to have the text scattered, but if required I can do that as well.

Being a Korean War Veteran and also the State of Oregon Commander of the Korean War Veterans Association of which I have edited several Calendars using KIA's for each month, also a History of my High School in Bell Gardens California searching for the names of my Classmates that served in the Korean War and those that were killed, making one page Memorials for those killed and also for those living or having passed on made them for the families. I would hope to create a Memorial for each KIA on the list request by a relative, but as I am the only one that I know doing such advertising it might be more than I can do. To Date I have created 253 Memorial since December of 2007, it takes about 1 hour for each KIA, for those not killed in the war it takes longer as I use their DD 214 for the information only of which some take 10 hours most about 2 hours, presently is has been free, but it does require time and money so if you decide to sell my work I would ask a fee for creating a Memorial for the readers.

State-Level Fatal Casualty Lists for the Korean War

(In PDF format, sorted alphabetically by last name of casualty)

American Samoa

Guam

Puerto Rico

Virgin Islands
